

Nautilus Scuba Club Planning Our Future

Our Plan 2024-2027

Our Mission

Fostering a community of scuba divers in Far North Queensland.

Our Vision

A club that is progressive, actively engages with our dive industry and inspires our current and future members to enjoy, respect and protect the underwater environment.

Our Values

Respect

Courtesy, Dignity & Consideration

Recognizing people's inherent worth and rights. Actively listening, valuing different perspectives and maintaining a respectful attitude.

Inclusivity

Celebrating diversity, valuing everyone

Fostering a culture that embraces openness, acceptance and differences.

Our Values

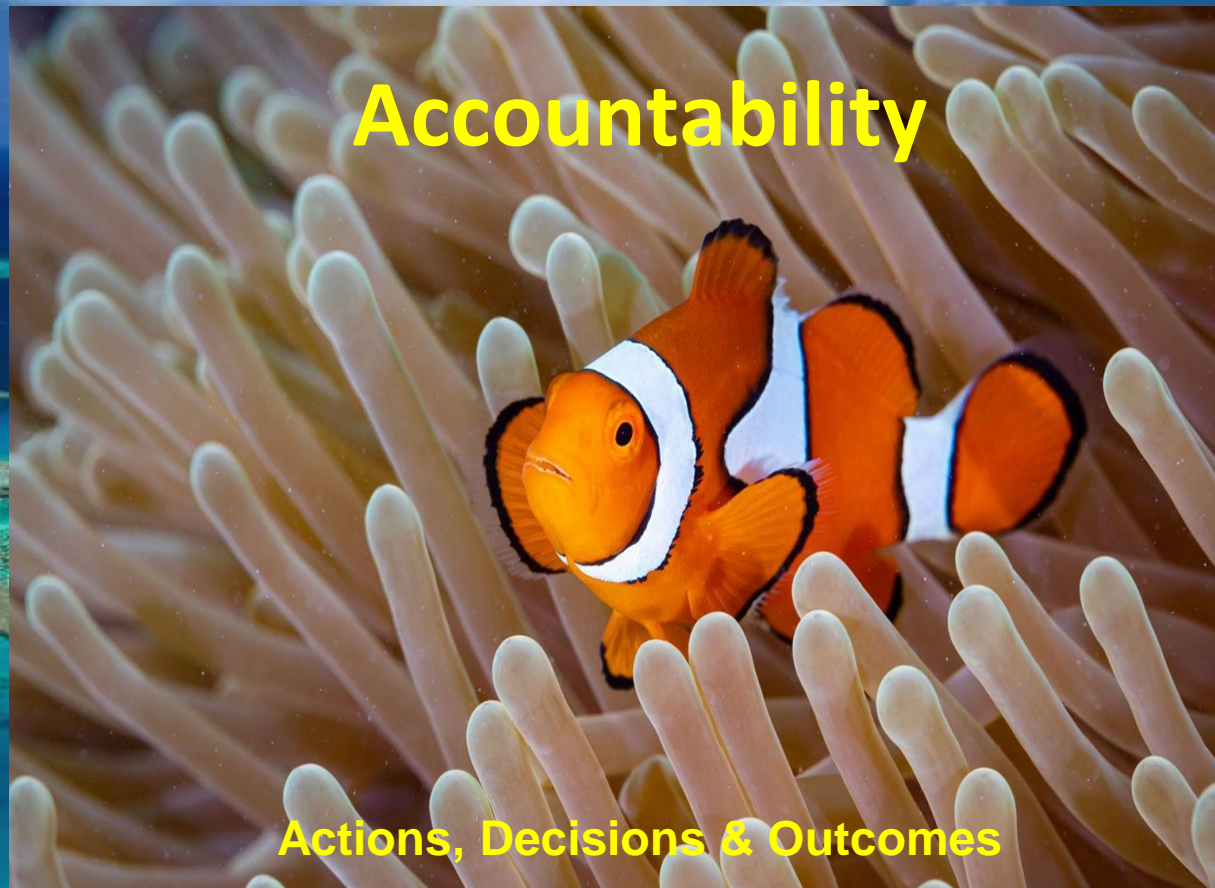

Integrity

Honesty, Fairness & Transparency

Being trustworthy and demonstrating strong social and ethical principles.

Accountability

Actions, Decisions & Outcomes

Being reliable, dependable, and following club guidelines, policies and procedures. Owning mistakes, learning from failures, and striving to improve.

Our Values

Environmentalism

Awareness, Stewardship & Sustainability

Acting with environmental responsibility demonstrates a commitment to preserving and protecting the natural world for future generations.

Knowledge

Growth, Development & Improvement

Seeking knowledge, acquiring new skills, and adapting to change. Being open to feedback, willing to explore new ideas, and committing to ongoing self-improvement.

Our Plan Focus on

DIVING

Our Club brings together like minded diving enthusiasts to enhance their diving experience in an environment of inclusion, support and experience.

We do this through facilitating local and overseas diving opportunities, encouraging the sharing of skills and knowledge, providing education opportunities to promote safe diving practices and inspiring, supporting and mentoring new divers.

Priorities

Club Dives

Day trips

Overseas Trips

Skills Development

Activities

Monthly Club Dive

Access to Sponsor diving services

Partnership with accredited Trip provider

Diving Education sessions

Measures

Minimum 10 club dives annually

Minimum 4 club dive sponsors

Overseas Trip provider partnership

2 Overseas trips

One specialised skills session

Our Plan focus on

COMMUNITY

Our Club actively promotes a strong diving community to enhance the overall experience of each member by creating opportunities for friendship, socialisation and support. We will support networking and connections for members and our sponsors, hold regular club meetings and organise fun-filled and inclusive experiences.

Priorities

Monthly Club Meeting

Member Benefits

Events

Fundraising

Promoting Safety

Activities

Monthly Club Meeting

Sponsor benefits packages

Photo Competition – Social Events

Safety at Meetings – Annual Safety Session

Measures

11 club meeting annually

Member and sponsor satisfaction survey

Annual Photo Comp – 6 Social events

Safety Moment at Club Meeting – Specific session on Safety

Our Plan focus on

CONSERVATION

As a Diving Club invested in a healthy ocean environment Nautilus Scuba Club will champion the protection and preservation of our World Heritage site - The Great Barrier Reef. We will promote awareness and good conservation and diving practice to our members and encourage and facilitate active participation in reef restoration, rehabilitation and preservation with our local Marine Conservation organisations. Our selection of domestic and international diving locations and operators will be consistent with our principles of ocean conservation

Priorities

Awareness of marine conservation programs

Participation in conservation initiatives

Information Sharing

Representation in Reef Organisations e.g. Local Marine Advisory Committee, Reef Restoration & Adaptation Program

Activities

Promote marine conservation programs

Identify conservation initiatives

Regular information sharing

Identify and confirm representations

Measures

Publish programs on Facebook and Website

Participate in one conservation initiative

Promote Initiatives on Facebook and website

Representation on one marine organisation

Our Plan focus on

GOVERNANCE

Our Club Committee members will work together with passion, commitment, energy and foresight, to govern the Club in the best interests of our members and the Club's future progress. We will maintain our focus on the strategic direction of the Club, uphold the values of the Club and take responsible financial management actions to maintain the Club sustainability, while ensuring transparency and accountability to all Club members.

Priorities

Policies, Procedures, Guidelines
Systems and Processes
Financial, Membership, Information Management

Activities

Review and update or develop Policies
Review and update or develop Procedures
Review and update or develop guidelines
Implement systems and processes

Measures

Policies, Procedures and Guidelines Reviewed and updated regularly
